Dear Shareholders,

It is indeed my pleasure to update you on the highlights of the fiscal gone past. The Indian real estate sector remains in the grip of a downturn for the last two years owing to slow purchases from homebuyers and low absorption across all asset classes leaving developers struggling with unsold inventory. Mumbai Metropolitan Region (MMR) and Jodhpur, the areas where we operate in has seen a similar trend but Arihant has managed to buck the trend by focussing on providing homes at a price and quality that has ensured that we have put in a creditable performance in FY 2015-16.

We finished the year with total revenue of Rs. 1235.28 mn as compared to Rs. 1097.62 mn during the previous year, reflecting an increase of 12.54%. This was accompanied by a growth in EBITDA margins which closed at 28.36% as against 24.21% in the previous fiscal. Net profit stood at Rs. 177.60 mn and this translated to an EPS of Rs. 4.31 as against 2.46 in FY 2014-15. Overall the financial performance has been very good under the circumstances that the industry finds itself in and we credit this primarily to our focus on selecting and executing the right kind of projects that see a demand generation.

The year has also been very eventful in terms of our operational highlights. We sold about 1157 units in the year translating to about 1.01 mn sq. ft. A number of previous projects would start seeing greater traction as we move forward and this augurs well for the financials of the Company going forward.

We also had a couple of blockbuster launches this year both in the MMR and the Jodhpur region. As far as Navi Mumbai is concerned, we spotted an opportunity of a distressed asset and took over the development of the project via the joint venture route. Aalishan, a project in Kharghar Annexe was launched in March 2016. This project will have 3 towers of 53 floors each and one tower of 35 floors. The design for this project has been inspired by Persian architecture and the project will have best of the external amenities including a double height entrance lobby, a grand club, unisex aroma spa with Jacuzzi, fire escape chute system and sporting facilities including a badminton court, a squash court and swimming pool to name a few. The project's location is another unique selling proposition as it is located next to the Central Park in Kharghar and Golf Course. The launch was a huge success and we managed to sell 210 units in just a few days for a value aggregating Rs. 2000 million.

As far as Jodhpur is concerned, we launched three new projects namely Arihant Ashray, Arihant Anchal and Arihant Angan and all the three have seen tremendous response in terms of booking within days of its launch. Almost 600 units were sold and we realised Rs. 1000 million from the sale. This again goes to show that if we identify a market and provide homes according to those specifications, there is no such thing like a "No Market" situation.

Arihant is focussed on increasing its brand equity and recognition among our customers and one of the ways we do it is by delivering homes at a price and quality specifications in the promised time schedule.

Apart from this, we also have embarked on some brand promotion activities and I am delighted to say that we have signed the Bollywood superstar Ranvir Singh as our brand ambassador. Ranvir's humble background and his hard work and commitment which have taken him to superstardom position is an attribute that we at Arihant resonate with and work towards and we believe this partnership will pitchfork Arihant's visibility among a larger populace. From an industry perspective, we welcome the launch of the Real Estate (Regulation & Development) Act, 2016 which seeks to regulate the sector and bring in clarity for both buyers and developers. While some of the measures stated in the Act like opening project specific escrow account, carpet area as means of valuing sales, transparency and disclosure on all issues related to a project are commendable, we believe that there are still some areas of lacunae that need to be addressed. Arihant as an entity has been following practices like no transfer charges, no lock in period of a property and no escalation to agreed prices since two decades and we believe these practices further add delight to a customer who is investing in a property with us.

While the going has been tough in the last two years, several reforms have been initiated by the Government of India (GoI) to encourage the development and growth in the sector. The Real Estate Act aside, other issues include easing the FDI rules, REIT establishment, Smart City projects, focus on affordable housing and Housing for all by 2022. All of these reforms and policy announcements along with favourable economic growth prospects are expected to provide an impetus for the speedy revival of the sector. We, at Arihant are confident that there is a huge silver lining waiting for us as the clouds continue to recede slowly but steadily. Your Company has also been recognised and awarded many accolades by various organizations which again are a testament to our reputation and brand recall.

The Economic Times recognized Arihant as one of the winners of the Best Corporate Brand in the real estate space for the year 2016. Also, Arihant was adjudged as the second time winner of the Mumbai Hot 50 brands in a survey conducted by One India, Hindustan Times and Paul Writer. Awards and recognitions like these spur us to work harder and I am confident that our trophy chest will only become bigger as we grow together with you.

In our previous Annual Report we introduced to you the concept of "Factory of Homes" which meant standardisation of products & services. The provisions of the Real Estate (Regulation & Development) Act, 2016 subtly ensures the unless the players in this sector adopt a "factory-like" business model, it would be difficult for them to survive. This year's report covers a larger issue of "Self Sustainability" and how the real estate sector can contribute towards it with a sense of responsibility. Sustainable development is an ethos that Arihant subscribes to and we make every effort to ensure that our development does not affect the encircling environment. Arihant has embraced the latest trends in green development by ensuring efficient uses of energy and water conservation and these efforts could go a long way in making the earth a better place to stay for our future generations.

I would like to thank all the stakeholders, our board members, employees and more importantly our customers who have reposed their faith in us on this journey.

Housing for all by 2022

Prime Minister Shri Narendra Modi launched “Housing for all by 2022” aimed for urban areas on 17th June, 2015. Though various surveys estimate the housing shortage of about 110 mn units, the “Housing for All by 2022” scheme is directed towards the Economically Weaker Sections (EWS) and Lower Income Group (LIG) where it proposed to build 20 mn units by 2022.

The estimated costs of these 20mn units would be at least Rs. 1 trillion. It is not expected that Government will take the onus of spending and constructing these units to provide housing for all. Instead it has formulated policies and created an environment for others to participate and achieve this objective in a manner which would be a win-win for all. The various options available under the scheme are as follows:

- Rehabilitation of Slum Dwellers with participation of private developers using land as a resource
- Promotion of affordable housing for weaker section through credit linked subsidy.
- Affordable housing in partnership with Public & Private Sectors (PPP)
- Subsidy for beneficiary led individual house construction or enhancement.

The PPP model seems to be the most effective one which could help achieve a large part of the plan followed by the Slum Rehabilitation. In urban areas the land cost is comparatively high which makes the EWS and LIG projects unviable for any developer. There are a few models which work effectively in such locations:

Land is provided by the Government with a fixed compensation to developers to construct the units. These units are sold at subsidized rates to eligible citizens.

A more successful model is the Transfer of Development Rights (TDR) wherein the developer constructs an affordable housing project free of cost, in lieu of which, he gets the right to develop another parcel of land which he can construct and sell. This scheme is working well in Rajasthan and Karnataka.

Arihant believes in Giving More

Arihant was awarded the PPP project as it promised to build 1350 EWS and LIC units free of cost compared to the closest bidder who had quoted for 1000 such units.

Our philosophy is always to give that extra and surpass expectations, thus strengthening our brand.

Quality that fetches Recognition

It's our belief that a house built under an EWS or LIG scheme is after all a "Home" for a fellow citizen. Thus evolved our outlook that Quality should not be compromised for Affordability – "EK SASTA GHAR KHARAB GHAR NAHI HO SAKTA".....

This has been recognized and appreciated by officials of the World Bank, Asian Development Bank, Japanese delegates and bureaucrats of various State Governments.

Inspired by the auto assembly system, Arihant has deployed systems for "Manufactured Homes" which are built in controlled environment with dedicated departments handling every single aspect of construction.

This includes standardised procurement process, design, labour productivity, and third party audits for quality control. A large part of the costs saved due to efficiencies are passed on, thus improving the quality of life of the end user.

How do we Achieve?

ARIHANT FOUNDATION

COMMITTED TO SOCIAL RESPONSIBILITY

“Let us walk together, Let us talk together, Let our hearts vibrate together” - Rig Veda

An organisation is successful in its true sense if it ensures the progress of the society along the milestone achieved in the corporate world. Arihant Superstructures Ltd., believes that as a corporate it is our duty to give back to the society. Our focus areas of Corporate Social Responsibility (CSR) would be around Education & Skill Development, Environment, Health, Heritage protection and Support to citizens during national calamities.

Chairman and Managing Director, Shri Ashok Chhajer felicitated Actor Aamir Khan on the event of “Swachh Jodhpur, Harit Jodhpur, Sundar Jodhpur” - a movement initiated by Jodhpur Nagar Nigam on 15th August 2014. Arihant Superstructures Ltd., is proud to be associated with the Municipal for the protection of national heritage and beautification of Jodhpur city.

Expenditure in Rural Development

Arihant wants to impact and contribute to the environmental, economic and social development of the communities in which they operate and society at large by series of CSR activities and bridge between BHARAT (rural) and INDIA (urban).

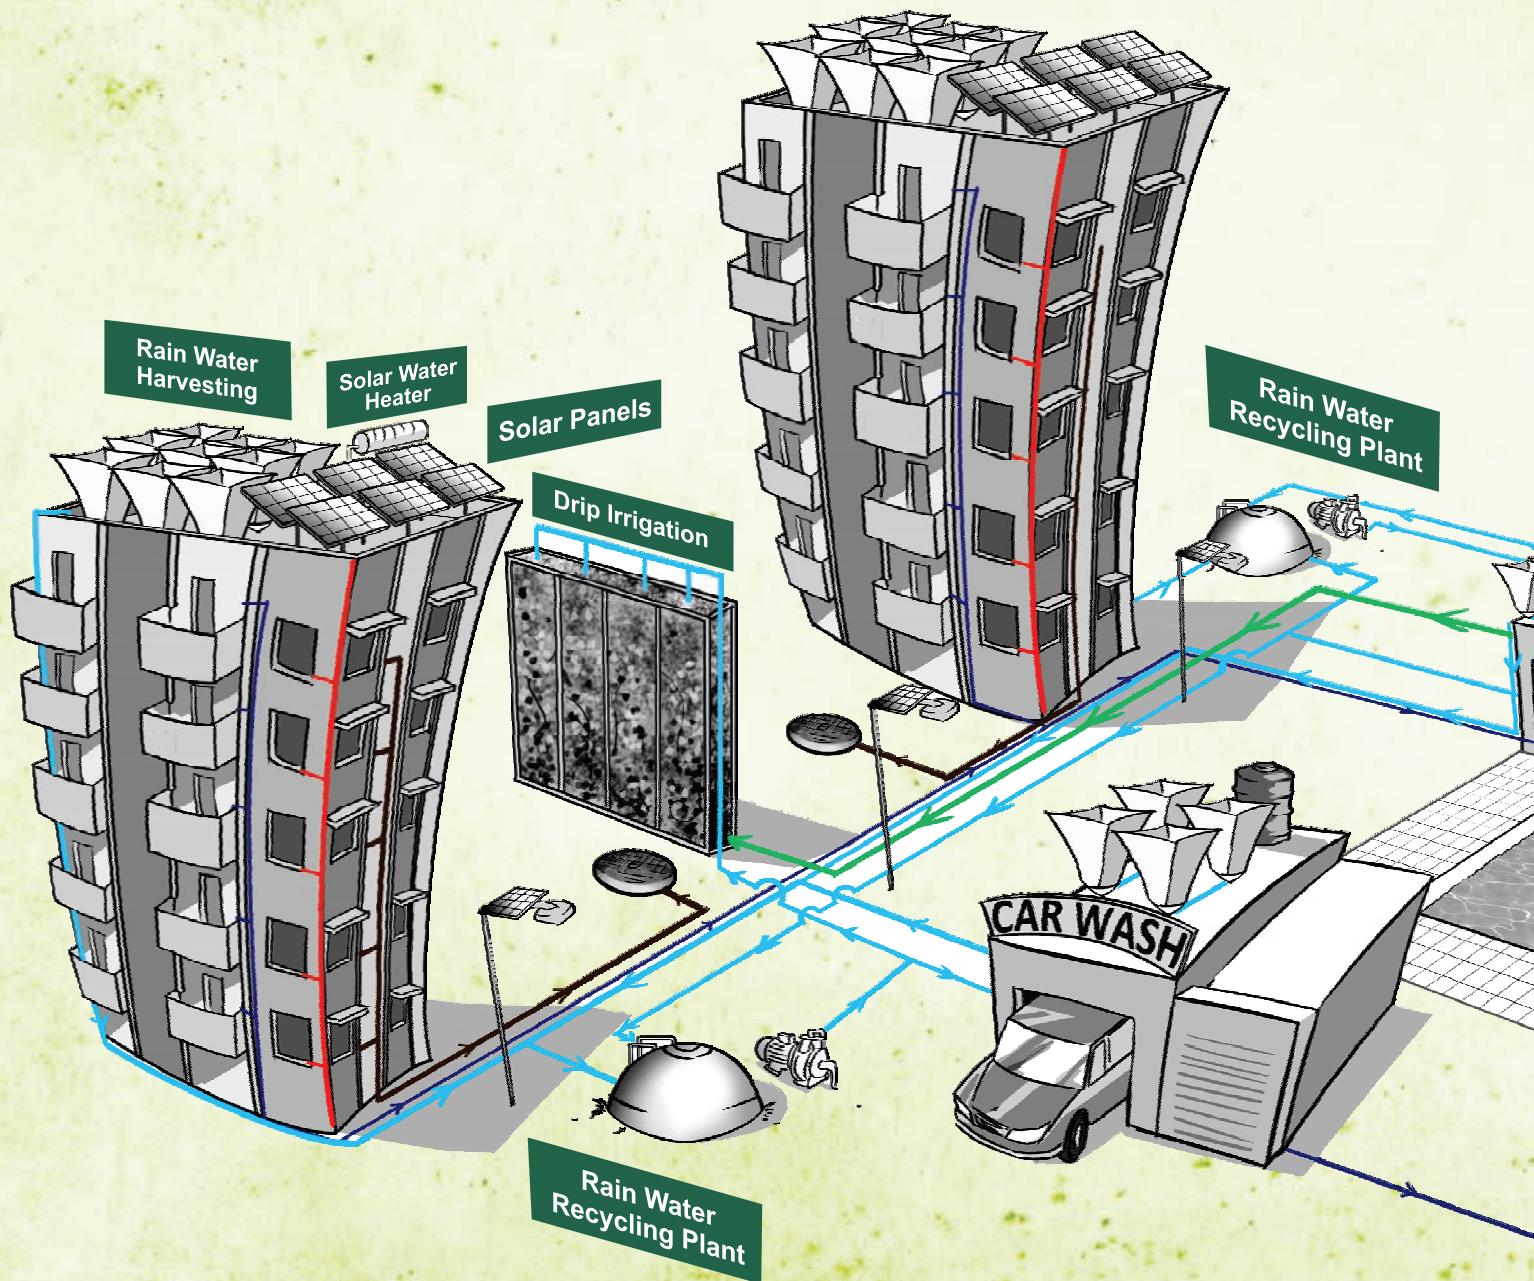

India resides equally among the rural areas which needs equal focus for development. That's the reason, Arihant always take a step further in development of the rural areas in the region of operations. This goes with Arihant's rural development policy.

Road Development for Villages

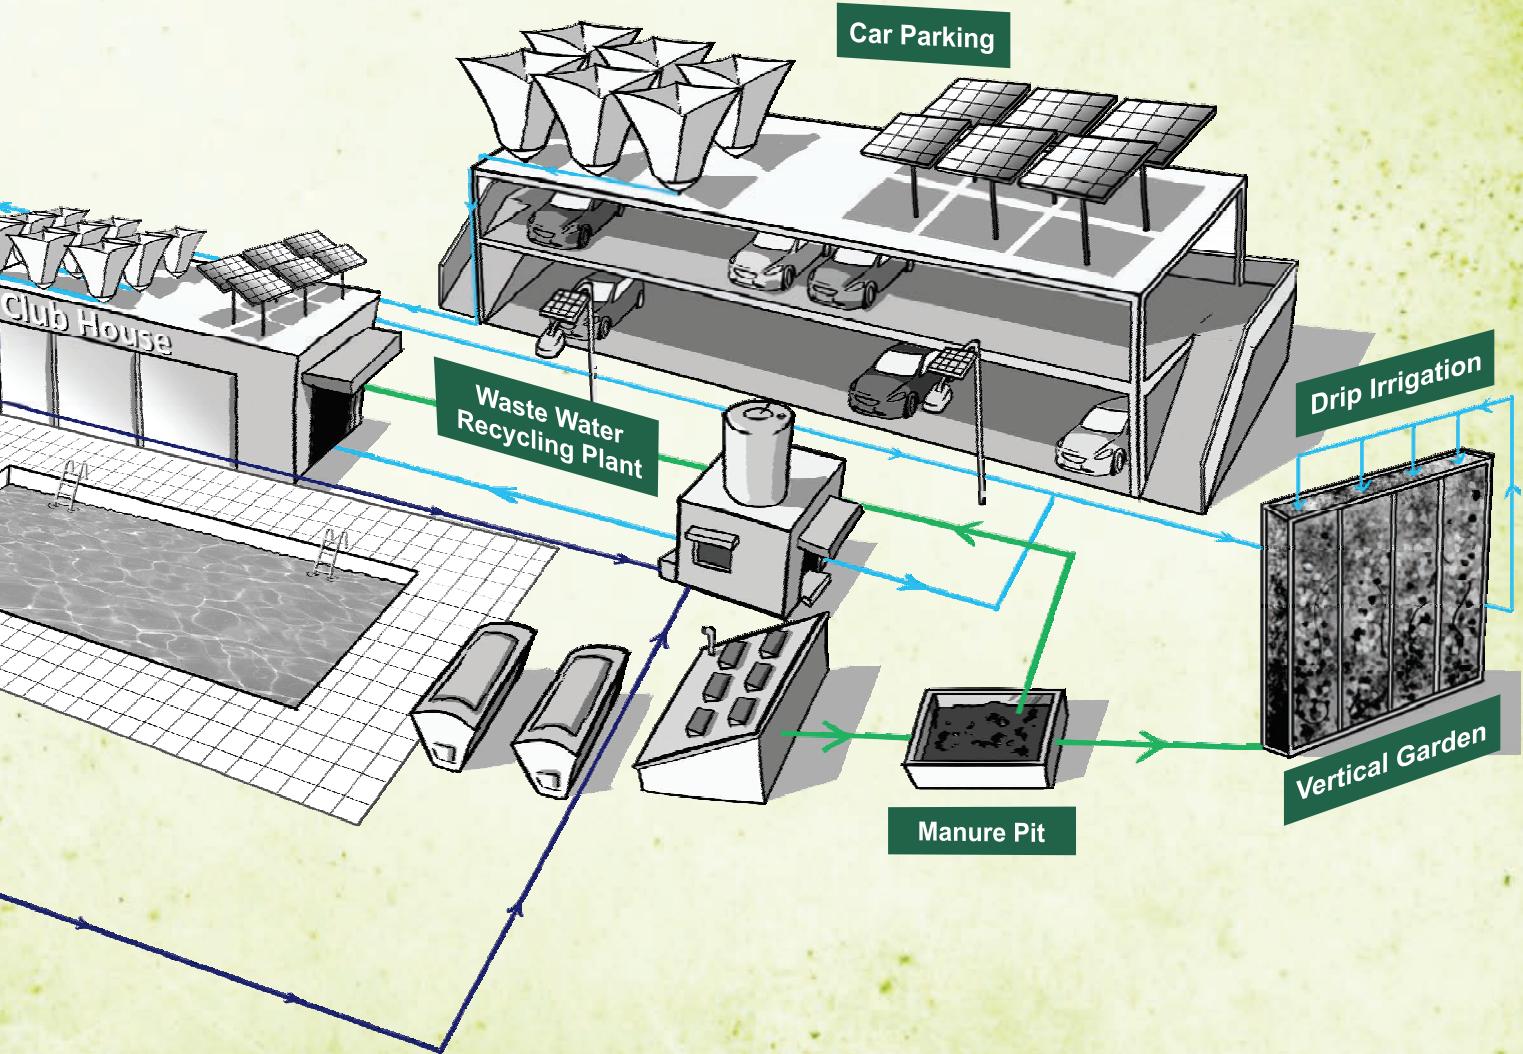

The narrow and kachha roads have been a pain problem for the villagers to travel to the city and especially during night time from their villages nearby Taloja. Accidents were frequent and pedestrians were hit due to the narrow and dusty road. With the making & widening of the roads, it has come to great relief to the vehicles and the villagers walking on the road.

Sustainable Development: The Way Forward

We live in a 'Smart World,' with machines capable of performing complex tasks and interact with humans in an almost surreal way. Advancements in the fields of genetic and medical science is extending lifelines and offering hope of immortality. While we may cheer these advancements, it comes at a cost.

According to the United Nations, global population is expected to hit 9 billion by 2040 and some estimates predict human population at 11 billion by 2050. The current global population stands at an estimated 7.6 billion people, with India contributing 1.33 billion to the global map. In the last decade alone, India has added approximately 181 million people to the world, which is slightly less than the entire population of Brazil. Estimates peg India is poised to overtake China as the most populous nation in the next decade or so.

This extraordinary population growth is putting tremendous pressure on our natural resources; and while the population is expanding, the surface area of earth is not. Housing a billion people is no easy feat to achieve and the Government's efforts to manage the population explosion through awareness programmes have only been moderately successful. This has led to more emphasis on engineering to create efficient homes to house the growing population and thankfully, technology has made it possible to design homes unlike any other time in history. Yet, given the state of the global economy, challenges persist for the real estate sector in India. Real Estate Developers understand their projects need to be cost efficient, with a quick turnaround time.

This plays well with Arihant's philosophy of 'Manufactured Homes,' inspired by the auto assembly system, manufactured homes are built in a controlled environment with dedicated departments handling every single aspect of construction. This includes hassle-free land acquisition, standardised procurement process, common design across projects, strong vendor relationship, labour education to ensure faster productivity and third party audits for quality control. Such control over the building process leaves little room for error and also allows homeowners to reap the benefits of the money saved due to economies of scale and efficient material purchases, making it affordable without compromising on luxury. 'Factory of homes' allows for sustainable development as well, where housing projects are equipped to make most of the available natural resources.

The Energy Emergency

According to a research study done by Global Buildings Performance Network, the real estate sector is likely to witness an increase of 400% in the aggregate floor area of buildings by 2030. Energy consumption from residential buildings is also predicted to rise by more than eight times by 2050. Therefore, it is of vital importance for India to develop energy-efficiency strategies focused on the residential sector to limit the current trend of escalating energy demand.

Each city and township needs to recognize that natural resources are fast depleting due to aggressive climate change and growing urban populations. Cities will need to regenerate themselves which requires a harmonisation with natural surroundings and biodiversity. The need of the hour is realising urban sustainability as a concept, where a city is organised and functions without excessive reliance on its surroundings and achieves self-sustainability with renewable sources of energy. These sustainable cities manage to create the smallest possible ecological footprint, and produce lower quantity of pollution by efficiently converting waste-to-energy as well use renewable forms of energy.

Self-Sustenance is the Key

The ideal cities of the future are expected to develop into a network of decentralised mixed-use settlements, or "clusters" connected by high speed public transport and broadband communications, and have areas of intensive agriculture and natural systems. This decentralised model will allow for the recycling of nutrients and water, as well as greater use of local materials.

Arihant recognises its responsibilities and duties towards its customers, shareholders and more importantly the environment. It is undertaking several initiatives to use energy more efficiently and is investing in advanced technologies to ensure conservation of natural resources.

Small Step, Big Difference

The need of the hour is to conserve energy and Arihant is doing its part by using metal halide and LED light fixtures in all the common areas of its residential projects. The company also has installed occupancy sensors generally used in commercial projects, in some of its larger residential projects. Arihant is committed to following standard specifications in colour codes, independent earthing in each and every circuit in order to curb energy leakage. To prevent energy from being wasted, it has ensured that only best of quality of wires, cables and switches are used.

Arihant has managed to replicate the benefits of high performance double-glazed glass used in most commercial buildings, for its residential projects. This helps in maintaining optimum ambient indoor environment, which in turn significantly reduces the air conditioning load. The company has integrated auto-correction power factor capacitors and harmonic filters in all HT/LT feeder pillars as well as High efficiency (BEE-rated) transformers to ensure better power quality. In the common area of its residential buildings, Arihant has installed low-flow water fixtures which conserve water by using a high-pressure technique to produce a strong flow yet using less water.

Arihant is not only using various techniques to conserve energy in all of its projects but also pioneering the use of renewable sources of energy. The world is increasingly looking to harness the power of the sun. Solar energy is clean, environment-friendly and is becoming increasingly affordable.

Residential colonies can install solar power panels with net metering and generate their own electricity. Net metering facilitates feeding the excess energy generated back to grid, thus doing away with expensive storage batteries. This electricity can be used to light common areas, parks, club house, water pumps resulting in drastic reduction in maintenance and electricity bills.

Arihant has installed solar hot water system across its projects. This water is supplied to residents through fixed separate pipes. These measures have helped Arihant residents to reduce the demand for conventional energy by a whopping 20%.

Besides energy, water conservation is on Arihant's radar. The company realised very early on, that rain water harvesting is one of the most viable options to meet increasing water requirements and it also helps in restoring depleted ground water levels of surrounding areas. Arihant has been executing ground water recharge pits to harvest rainwater. The company has also set up collection tanks in all its projects, as it helps in reducing demand for precious potable drinking water as harvested rain water is being used, after primary sedimentation & filtration.

Another unique initiative of Arihant is setting up of Sewage Treatment Plants (STP), based on Moving Bio bed Reactor technology in 3 of the projects. Arihant is committed to installing STP's in the sewerage design of all our ongoing & future projects. Waste water is categorised into 'Greywater' and 'Blackwater'. Greywater can be defined as any domestic wastewater produced, excluding sewage (Blackwater).

The main difference between the two kinds of generated waste is the organic loading. Sewage has a much larger organic loading compared to Greywater. With proper treatment, Greywater can be put to good use. These uses include water for common area cleaning, toilet flushing, landscaping & car wash systems. Treated Greywater can be used to irrigate both food and non-food producing plants. The nutrients in the Greywater (such as phosphorus and nitrogen) provide an excellent food source for these plants. This helps in reduction of fresh water requirement of projects by almost 40%.

At Arihant, we believe that to build environmentally sustainable clusters, townships of the future, one has to have the vision to implement new ideas and concepts to mitigate the dangers which arise from climate change & over population. Some of these features are:

Automated Car Wash System

Car washing is a daily chore in India and it consumes about 50 litres on an average to wash just one car. Assuming a co-operative housing society has about 100 vehicles, a whopping 18 lakh litres will be used annually just to wash cars. However, using an automated car wash system can bring down consumption of potable water to just 10%. This is because, 90% of the water used by an automated car wash system is recycled water, which is cleaned and treated before being reused for subsequent car washes. This also reduces the threat of contaminated water getting directly into the environment or into storm drains intended for rainwater.

Manure from Waste

The collection and transportation of waste is a matter of concern for any corporation. Mumbai generates 6500 tons of Municipal Solid Waste (MSW) every day and dumping grounds are filled to capacity. In a scenario like this, it's our duty to reduce the load on the system by processing our waste in-house into a useful product. One such technology allows disposal of solid organic waste efficiently & in environment friendly manner by converting it into manure. It is a sustainable technology as it is economically affordable, socially acceptable and environmental friendly.

Vertical Garden

Vertical Gardening is another unique concept; these green walls are attached to the exterior or interior walls of specially built structures. The plants receive their nutrients from within the vertical support instead of the ground. These unique living walls allow good use of available vertical areas and feed on the manure generated in-house.

The vertical garden can also be used for urban agriculture where residents can source fruits, vegetables and herbs. A vertical garden is aesthetically appealing and is regarded as an art. These living walls also improve air quality and reduce the effects of air pollution. These green walls soften the hard environment acting as a potion for stress release as well.

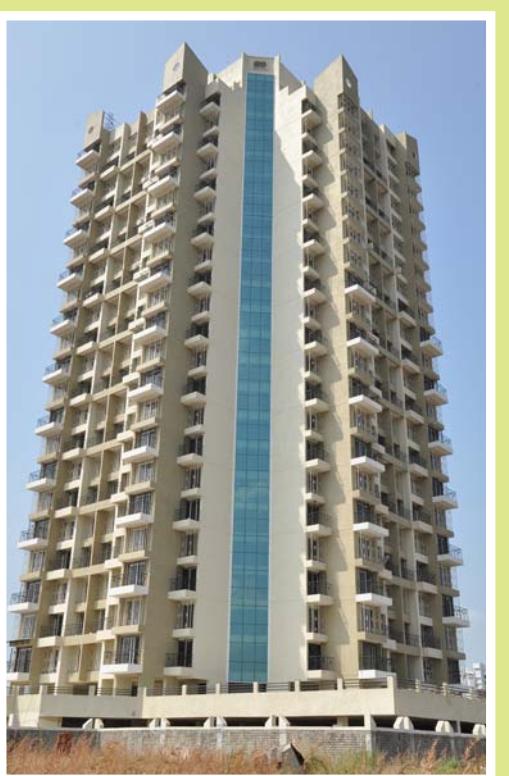

By installing micro-irrigation systems, residents can conserve water that is used for the garden. This system allows water to drip slowly to the roots of many different plants through a network of valves, pipes, tubing and emitters. Recycled or harvested rain water can be used to maintain these gardens.

Creating eco-friendly residential colony is no longer a costly affair. The great advancements in science & technology have made it possible to harness renewable energy more efficiently and on a large scale. Given the volatility in global commodity trade and depleting natural resources, governments across the world are increasing their efforts to harness renewable energy from the sun, wind and water.

This will not only reduce dependence on natural resources but will protect the environment as well. With 'Manufactured Homes' now a reality, it may also be time for the real estate industry to focus more on eco-friendly and sustainable development.

Notes:

1. The relative Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("Act") setting out material facts concerning the business under Item Nos. 5 to 8 of special business of the Notice, is annexed hereto.
 2. In accordance with the provisions of Regulation 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "Listing Regulations") and the provisions of the Secretarial Standard on General Meetings, a brief profile of Mr. Nimish Shah, Mr. Dinkar Samant and Mr. Rajesh Agarwal is set out in this Notice.
 3. **A Member entitled to attend and vote at the Annual General Meeting (AGM) is entitled to appoint a proxy to attend and vote instead of himself and the proxy need not be a Member of the Company.** The instrument appointing the proxy, in order to be effective, must be deposited at the Company's Registered Office, duly completed and signed, not less than FORTY-EIGHT HOURS before the commencement of the AGM. Proxies submitted on behalf of limited companies, societies etc., must be supported by appropriate resolutions / authority, as applicable. A person can act as proxy on behalf of Members not exceeding fifty (50) and holding in the aggregate not more than 10% of the total share capital of the Company. In case a proxy is proposed to be appointed by a Member holding more than 10% of the total share capital of the Company carrying voting rights, then such proxy shall not act as a proxy for any other person or shareholder.
 4. The Company's Registrar and Transfer Agents for its Share Registry Work (Physical and Electronic) are Adroit Corporate Services Private Limited, 19, Jaferbhoy Industrial Estate, 1st Floor, Makwana Road, Marol Naka, Mumbai - 400 059.
 5. The Register of Members and Share Transfer Books of the Company will be closed, from Wednesday 14th September, 2016 to Tuesday, 20th September, 2016 (both days inclusive) for determining the names of the Members eligible for Dividend on Equity Shares, if declared in the meeting.
 6. Members, Proxies and Authorised Representatives are requested to bring to the meeting, the Attendance Slip enclosed herewith, duly completed and signed, mentioning therein details of their DP ID and Client ID / Folio No.
 7. If the Final Dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such Dividend will be made on or after 20th September, 2016 to those persons or their mandates as under:
 - I. Whose names appear as the Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited (NSDL) and the Central Depository Services (India) Limited (CDSL) as of the close of business hours on Wednesday, 14th September, 2016 (last trading day before Book Closure) in respect of the shares held in electronic mode; and;
 - II. To all Members in respect of shares held in physical form after giving effect to valid transfers in respect of transfer requests lodged with the Company as of the close of business hours on or before Wednesday, 14th September, 2016.
 8. Members holding shares in dematerialized form are requested to intimate all changes pertaining to their bank details such as bank account number, name of the bank and branch details, MICR code and IFSC code, mandates, nominations, power of attorney, change of address, change of name, e-mail address, contact numbers, etc., to their depository participant (DP). Changes intimated to the DP will then be automatically reflected in the Company's records which will help the Company and the Company's Registrars and Transfer Agents, Adroit Corporate Services Private Limited to provide efficient and better services. Members holding shares in physical form are requested to intimate such changes to Adroit Corporate Services Private Limited.
- The Securities and Exchange Board of India ("SEBI") has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their depository participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to Adroit Corporate Services Private Limited.
9. Members holding shares in physical form are requested to consider converting their holdings to dematerialized form to eliminate all risks associated with physical shares and for ease of portfolio management. Members can contact the Company or Adroit Corporate Services Private Limited, for assistance in this regard.

10. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company or Adroit Corporate Services Private Limited, the details of such folios together with the share certificates for consolidating their holdings in one folio. A consolidated share certificate will be issued to such Members after making requisite changes.
11. In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
12. Members seeking any information with regard to the accounts are requested to write to the Company at an early date, so as to enable the Management to keep the information ready at the AGM.
13. All documents referred to in the accompanying Notice and Explanatory Statement are open for inspection at the Registered Office of the Company on all working days, except Saturdays and Sundays, between 11:00 a.m. and 1:00 p.m. upto the date of the Annual General Meeting.

The Company shall simultaneously forward the results to BSE Limited, Mumbai where the shares of the Company are listed.

EXPLANATORY STATEMENT

(Pursuant to Section 102 of the Companies Act, 2013)

As required by Section 102 of the Companies Act, 2013, the following explanatory statement sets out material facts relating to the business under item No. 5, 6, 7 and 8 of the accompanying Notice dated August 3rd, 2016.

Item No. 5

Mr. Nimish Shah was appointed as a Whole-time Executive Director of the Company on 13/04/2015 under Companies Act, 2013 and his appointment was approved by the Shareholders in the AGM held on 25th September, 2015 for a period of five Years. Mr. Nimish Shah has, during his tenure, contributed immensely for the business activities of the Company and to guide the Company in its expansion activities. Considering the increased scope of work being handled by Mr. Nimish Shah and the prevalent standards in the industry for payment of professional Directors of such experience, the Board, on the recommendation of the Nomination and Remuneration Committee proposes to increase the remuneration payable to Mr. Nimish Shah as stated in the Resolution.

Pursuant to sections 196, 197, 198 and all other applicable provisions of the Companies Act 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force) read with Schedule V of the Companies Act 2013, the increase in remuneration payable to Mr. Nimish Shah is now being placed before the Members at the Annual General Meeting for their approval by way of Special Resolution.

The Board of Directors recommends the resolution for the approval of the Members as a Special Resolution. Apart from Mr. Nimish Shah, who would be interested in his appointment and remuneration, none of the other Directors, Key Managerial Personnel ("KMP") of the Company and relatives of the Directors and KMP are, in any way, concerned or interested, Financially or otherwise, in these items of businesses, except to the extent of their shareholding interest, if any, in the Company.

The statement of additional information required to be disclosed as per Schedule V of the Companies Act, 2013 is attached at the end of this Explanatory Statement and must be read with the part of this Notice.

Item No. 6:

During the Financial Year 2015-16, Company has entered into certain business transaction with its Subsidiary Companies, Key Managerial Personnel and Entities in which KMP / Relatives of KMP have significant influence. The Company has also proposed to enter into certain business transaction with its Subsidiary Companies, Key Managerial Personnel and Entities in which KMP / Relatives of KMP have significant influence, for Year 2016-17 which are of value exceeding 10% of the Annual Consolidated Turnover of the Company. The details of such transaction are mentioned below:

Details of Transactions:

Sr. No.	Type of transaction	Name of related party	Nature of relationship	Balance outstanding as on 31.03.2016 (₹)	Estimated amount of proposed transaction during the Year 2016-17 (₹)
1	Loans and Advances (Business Advances)	Arihant Aashiyana Pvt. Ltd.	Subsidiary Company	94,86,966	-
2	Loans and Advances (Business Advances)	Arihant Vatika Pvt Ltd.	Subsidiary Company	42,138,442	-
3	Loan Taken (Business Advances)	Ashok Chhajer	Chairman & Managing Director/KMP	1,01,62,573	-
4	Giving Loan, Guaratee and Security to Subsidiaries (Business Advances)	Arihant Aashiyana Pvt. Ltd. Arihant Abode Ltd. Arihant Vatika Pvt Ltd. Arihant Gruhnirman Pvt. Ltd.	Subsidiary Companies	- - - -	50,00,00,000 50,00,00,000 50,00,00,000 50,00,00,000
5	Loan given by the KMP/Director to the Company	Ashok Chhajer		-	50,00,00,000

The Regulation 23 of the SEBI (Listing Obligation and Disclosure Requirement), Regulations 2015 and any other applicable provisions of the Companies Act, 2013 if any; defines term Material Related Party Transaction. It provides that all related party transactions shall be considered as "Material" if the transaction entered with or transactions to be entered individually or taken together with a Related Party along with previous transactions during a Financial Year exceed 10% of the Annual Consolidated Turnover of the Company as per the last Audited Financial Statement of the Company. The Material Related Party Transactions requires approval of the Shareholders by passing a Special Resolution and in respect of voting on such resolution(s), the said related party shall abstain from voting.

Members may note that based on the criteria as mentioned above in the SEBI (Listing Obligation and Disclosure Requirement), Regulations 2015, transactions entered into by the Company during the Financial Year 2015-16 and proposed to be entered into for the Year 2016-17 are "Material" and therefore requires approval of the Shareholders by means of Special Resolution.

Similarly the proposed transactions to be entered into for Year 2016-17 are also placed for the approval of shareholders.

Except Mr. Ashok Chhajer Chairman and Managing Director of the Company, none of the other Directors, Key Managerial Personnel or their relatives are, in any way, concerned or interested in the resolution as set out at item no. 6 of the Notice.

The Board of Directors recommends the resolution for the approval of the Members as a Special Resolution.

Item No. 7:

Mr. Dinkar Samant (DIN: 00023459) was appointed as a Whole-time Executive Director of the Company w.e.f. 4th August, 2012. Mr. Samant who is liable to retire by rotation in this Annual General Meeting has stated his unwillingness to be re-appointed in this Annual General Meeting and be and hereby retires as Director of the Company. The Nomination and Remuneration Committee and the Board were decided to pay ₹ 43,00,000/- (Rupees Forty Three Lacs) per annum as remuneration to Mr. Dinkar Samant for the Financial Year 2015-16.

The Nomination & Remuneration Committee had recommended no revision in the remuneration of Mr. Dinkar Samant and proposed to pay the same remuneration. Accordingly, the Board of Directors in their Meeting held on 30th April, 2016, decided to pay the same remuneration to Mr. Dinkar Samant.

Since Mr. Dinkar Samant has stated his unwillingness for re-appointment at this Annual General Meeting the remuneration paid/payable to him for the period 01st April 2016 to 20th September 2016 are required to be approved by the Shareholders at the ensuing Annual General Meeting, in terms of provisions of Section 196, 197 and 198 of the Companies Act, 2013. The Members are informed that the remuneration is within the limits prescribed under Schedule V to the Companies Act, 2013.

The Board of Directors recommends the resolution for the approval of the Members as a Special Resolution.

Except Mr. Dinkar Samant, none of the Directors or Key Managerial Personnel or their relatives are interested in the resolution.

Item No. 8:

Mr. Rajesh Agarwal (DIN:07327161) was appointed as Additional Whole-time Executive Director of the Company w.e.f. 1st November, 2015 and he resigned from the Company w.e.f. 24th July, 2016. In terms of Section 196(4) the terms of remuneration of Whole-time Executive Director are required to be approved in the first General Meeting held by the Company.

The Nomination and Remuneration Committee had recommended and proposed to pay the remuneration for amount of ₹48,00,000/- (Rupees Forty Eight Lacs) per annum. Accordingly, the Board of Directors in their Meeting held on 31st October, 2015, decided to pay the same remuneration to Mr. Rajesh Agarwal. w.e.f. 1st Nov 2015.

Mr. Rajesh Agarwal has resigned from the Company, but the approval of remuneration is required at this Annual General Meeting for the remuneration paid to him for the period of 1st November, 2015 to 24th July, 2016 by the Shareholders in terms of provisions of Section 196 and 197 of the Companies Act, 2013. The Members are informed that the remuneration is within the limits prescribed under Schedule V of the Companies Act, 2013.

The Board of Directors recommends the resolution for the approval of the Members as a Special Resolution.

The details of the remuneration along with the brief profile of the Director are included in the Annexure to the Explanatory Statement.

Except Mr. Rajesh Agarwal, none of the Directors or Key Managerial Personnel or their relatives are interested in the resolution.

Expenditure in Rural Development

Arihant wants to impact and contribute to the environmental, economic and social development of the communities in which they operate and society at large by series of CSR activities and bridge between BHARAT (rural) and INDIA (urban).

India resides equally among the rural areas which needs equal focus for development. That's the reason, Arihant always take a step further in development of the rural areas in the region of operations. This goes with Arihant's rural development policy.

Road Development for Villages

The narrow and kachha roads have been a problem for the villagers to travel to the city and especially during night time from their villages nearby Taloja. Accidents were frequent and pedestrians were hit due to the narrow and dusty road. With the making & widening of the roads, it has come to great relief to the vehicles and the villagers walking on the road.

(A) CONSERVATION OF ENERGY**I. Measures adopted for conservation of conventional energy:**

- a. Use of CFLs, metal halide and LED light fixtures in all common areas of residential projects;
- b. Use of occupancy sensors in commercial project and common areas of large scale residential projects;
- c. Use of best quality wires, cables, switches and low self power loss MCCB's and RCCB's;
- d. Following standard specifications like colour codes, independent neutral and earthing for each circuit to curb energy leakage;
- e. Selection of high efficiency transformers (BEE rated) , DG sets and other equipments;
- f. Integration of auto-correction power factor capacitors and harmonic filters in all HT/LT feeder pillars;
- g. Use of energy efficient lifts with group control in residential projects;
- h. Use of high performance glasses for double glazing facades of commercial buildings to maintain optimum & ambient indoor environment of occupied spaces which helps in reducing air conditioning load;
- i. Use of highly energy efficient air conditioning screw chillers & compressors with VFD's for commercial building projects;
- j. Use of low water flow CP fixtures for common areas of buildings.

II. Measures adopted for utilizing renewable sources of energy:

Use of solar hot water system consisting of Flat plate solar panels & insulated water storage tanks & insulated separate piping for all flats in all our projects thereby reducing almost 20% demand of conventional energy. These system is also successfully installed in operation in 2 our projects.

III. Water Preservation**a. Rainwater harvesting:**

Rain water harvesting is one of the most viable options to meet increasing water requirements and also helps in restoring depleted ground water levels of surrounding areas. We have been executing ground water recharge pits & harvesting rainwater through collection tanks for roof-based runoffs in all our projects. This helps in reduction of precious potable drinking water demand of the project by using rain harvested water (after primary sedimentation & filtration) for non potable uses such as washing & cleaning needs of residents .

b. Sewage treatment plant:

The sewage treatment plants (STP) of total 1200 KLD capacities based on Moving Bio bed Reactor technology has been successfully commissioned in 3 of our projects and are also committed to install 9650 KLD capacity by inclusion of STP's in the sewerage design of all our ongoing and future projects. The generated waste water is treated up to the tertiary level conforming to applicable IS standards and is used for flushing of toilets and landscaping. This helps in reduction of fresh water requirement of projects by almost 40%. We also ensure that operation & maintenance of STP's are done by efficient STP vendors for atleast initial 3 Years after installation so that it becomes an integral part of daily society maintenance affairs.

Few environment friendly measures adopted for construction phase of all projects:

- a. Use of Aerated Autoclaved blocks & fly ash bricks for all our projects including affordable housing projects of upto 4 floors buildings;
- b. Use of available rain harvested water for construction purposes;
- c. Use of energy efficient CFL & LED lamps & highly efficient motors during construction phase;

- d. Following standard specifications like colour codes, independent neutral and earthing for each electrical circuit's to curb energy leakage;
- e. For FY 2016-2017, to install portable & modular STP's for treating grey water generated from Labour camps of our large scale projects and use the treated water for construction purposes thereby committing ourselves to reduce impact on fresh water sources.

(B) TECHNOLOGY ABSORPTION

The efforts made towards technology absorption:

- I. **VSI system used for façade glazing:** The VS-I system developed by Franz Safford of USA, is a point supported glass wall system for the glass walls .The system is comprised of vertical high grade aluminum “blade” extrusions and through-the-joint point supported aluminum cast fittings, the system does not have any horizontal member. This allows the use of standard glass panels (non-drilled glass) supplied by any glass manufacturer, at clients discretion. The system is also very fast to erect. Unlike all other glass façade systems, there are neither aluminium horizontal Members nor their associated connections in the VS-I system solution and thus aesthetically a complete glass wall look is achieved. Our project is the only the second project in India to be executed with this technology.

The benefits derived:

VSI system is more structure efficient. Larger size of vision glass panel is possible with this system. Replacement of glass is convenient. The installation is very fast as compared to semi unitized systems

- II. **High speed elevators with Destination dispatch system:** As one accesses the elevators through the lobby, he or she passes through security, which can be cleared by an identification card, which includes the information for one's desired floor. All passengers need to do is walk to the designated elevator and wait for its arrival.

The benefits derived:

Elevators with DOAS technology not only helps improve traffic flow and reduce power consumption, it also enhances building security.

- III. **In case of imported technology (imported during the last three Years reckoned from the beginning of the Financial Year:**

No Technology was imported during the Year under review.

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economy

Global GDP growth in 2016 is now projected to be about the same as 2015, a further downgrading since the November 2015 OECD Economic Outlook. These rates are the lowest in the past five Years and well below long-run averages. They are also lower than would be expected during a recovery phase for advanced economies and given the pace of growth that catching-up emerging economies could achieve.

The downgrade in forecasts is widespread, reflecting a broad range of disappointing incoming data for the fourth quarter of 2015 and the recent weakness and volatility in global Financial markets. These trends have been apparent in both advanced and emerging economies.

Sluggish growth is reflected in weak trade and has contributed to recent falls in commodity prices. While global trade flows have recovered somewhat from the sharp decline in the first half of last Year, they nevertheless remain subdued. World trade volumes grew by only around 2% in 2015, a pace which in the past has been associated with very low outcomes for global GDP growth. Although some of the weakness of trade growth can be explained by GDP developments, low investment, and commodity price falls, the recent bout of weakness centred on Asia remains partly unexplained. The contraction of imports by China and other major EMEs has contributed to weaker export demand for advanced economies with an estimated drag on OECD GDP growth of around ½ percentage point in 2015.

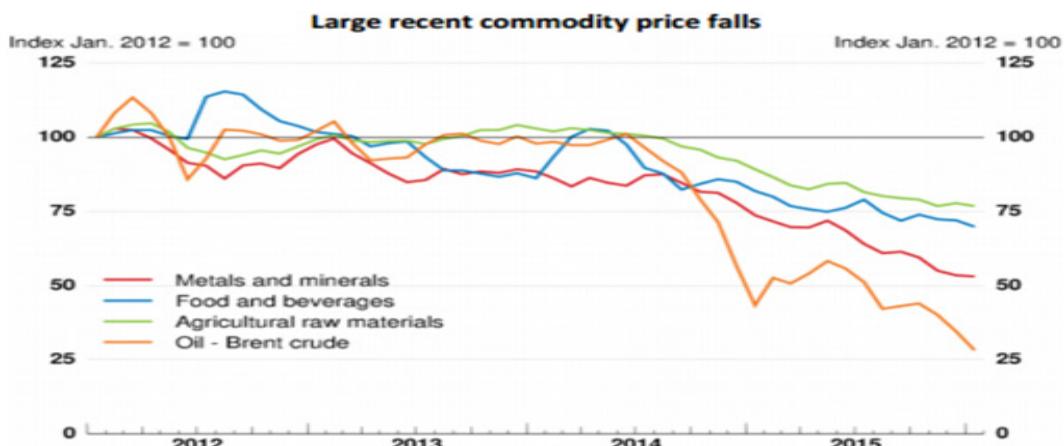

Note: World trade is goods plus services trade volumes. World GDP growth is measured at purchasing power parities.

Figure I-Global Trade Growth Analysis

Commodity prices have fallen significantly since the OECD's Economic Outlook in early November, with the oil price declining by more than one-third and reaching its lowest level in dollar terms since 2003. The broadly-based price decline across commodities in recent months and the sharp decrease in China's commodity imports in January 2016 after solid growth in 2015 suggest that weak demand has contributed to lower commodity prices. For oil, positive supply shocks and the coming on stream of new capacity are also key factors. These price developments should support consumption in commodity importing economies, but will restrain investment and add to Financial pressures on commodity-producing firms and commodity-exporting countries.

Source: OECD Economic Outlook database.

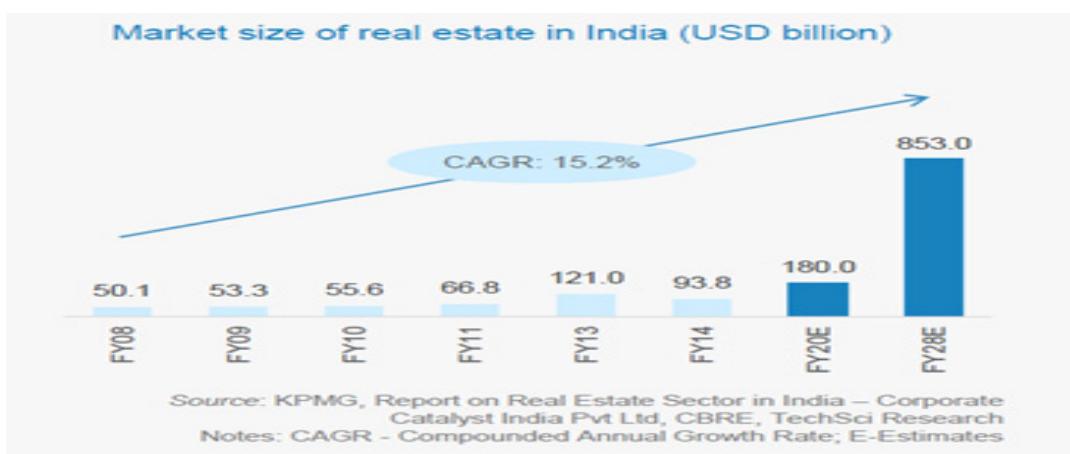

Figure 2- Analysis of Fall in commodity prices

Overall, monetary policy stimulus and lower commodity prices are expected to support recovery in advanced economies, while emerging economies experience mixed fortunes. However, current policies will yield a low-growth equilibrium characterised by low demand, low investment, low inflation, unsatisfactory labour market outcomes, and weak productivity growth. In this context, desired improvements in living standards and in distribution of income are unlikely. A recovery in private sector investment and wage growth is needed for global economic activity to accelerate.

THE INDIA STORY

This Year, only 2 major economies have been given positive outlook by all major rating and multilateral agencies. Besides the United States, India has made it to the platform, despite downgrades witnessed throughout last Year . India stands at the crossroads, and is on the path of achieving growth rate in the range of 7 % to 10 % , surpassing that of China in this Year itself. India has already achieved the medium -term objective of six per cent Consumer Price Index (CPI) -based inflation (January 2016 target, as set by RBI), and industry is looking optimistically at 2015 -17 period. Government on its part is attempting to rejuvenate the economic machinery with easing of bureaucratic red -tape, FDI in infrastructure, real estate, and defense . Even though there is high level of gross NPAs in the banking system, and consumer spending has shown only partial signs of recovery, the economic platform will hopefully find steady ground The market tidings look positive with oil and commodity prices coming down significantly. India's major exports market like USA is witnessing positive growth and job opportunities. Consequently, with tumbling oil prices suppressing the current account deficit, the Modi Government is looking to spend heavily on infrastructure, including the creation of 100 smart cities.

Real estate contribution to India's GDP is estimated to Market size of real estate in India (USD billion) increase to about 13 per cent by 2028. The market size of real estate in India is expected to increase at a CAGR of 15.2 per cent during FY2008 – 2028E and is estimated to be worth USD853 billion by 2028. Increasing share of real estate in the GDP would be supported by increasing industrial activity, improving income level, and urbanisation.

**Figure 3- Market Size of Indian Real Estate**

India's real estate market in 2015 witnessed a fall in property prices, slowdown in demand, an increase in inventory pile up and disappointment among the real estate industry players. Real estate prices have been a cause for worry since Years now, with Year-on-Year prices rising significantly, making practically any property unviable for purchase. However, despite this the real estate industry has been trudging on. That was, until this Year. In 2015, couple the existing pressure points with a slowdown in the global economy, which slowed India down too, and you had customers postponing their buying decisions indefinitely. It is estimated that the real estate industry now has an inventory pile up of 46 months in the Mumbai Metropolitan Region (MMR).

However, several reforms by the Government of India (GoI) have been initiated or are underway to encourage the development and growth in the sector. Some of the measures include:

Some of these measures include:

- USD1,333 million allocated to the rural housing scheme under National Housing Board (NHB).
- USD8,000 million allocated for the development of 100 new Smart Cities in the country, over the next five Years.
- USD83.3 million allocated towards development of 12 heritage cities in the country.
- USD667 million allocated for low-cost housing and USD3,735 million for urban housing
- Slum development to be treated as Corporate Social Responsibility (CSR) activity; large
- companies meeting certain Financial criteria should spend 2 per cent of their average net profit of the last three Years on CSR activities.
- Introduction of Real Estate Investment Trusts (REITs). SEBI has since issued guidelines in this
- regard.
- Increase in income tax deduction limit on interest paid and repayment of principal of home loans
- GoI has also implemented interest subvention schemes like 1 per cent interest subsidy scheme,
- Interest Subsidy Scheme for Housing the Urban Poor (ISHUP) and Pradhan Mantri Awas Yojana (PMAY), etc.

ARIHANT'S MICRO MARKETS

Arihant Superstructure operates in the Mumbai Metropolitan Area and the Jodhpur micro-markets. The Company has identified these locations as areas that would give it the maximum benefit in terms of demand and supply as well as the affordability factor

MUMBAI METROPOLITAN AREA

The Mumbai Metropolitan Region (MMR) is spread over an area of 4,355 sq km, comprising 458 sq km of Mumbai City and the rest covering regions in the Thane, Palghar and Raigad districts. The population of Mumbai increased from 11.9 mn in 2001 to 12.4 mn in 2011 – a growth rate of 3.9%. However, the growth for the MMR was much higher, at 17.8%, taking the population from 19.3 mn to 22.8 mn during this period. The MMR consists of eight municipal corporations and nine municipal councils.

Micro-markets	Indicative locations
Central Mumbai	Dadar, Lower Parel, Mahalaxshmi, Worli, Prabhadevi
Central Suburbs	Sion, Chembur, Wadala, Kurla, Ghatkopar, Vikhroli, Bhandup, Mulund
Navi Mumbai	Vashi, Nerul, Belapur, Kharar, Alibaug, Panvel, Ulwe, Sanpeda
Peripheral Central Suburbs	Kalyan, Kalwa, Dombivli, Ambarnath, Bhiwandi, Mumrao, Karjat
Peripheral Western Suburbs	Vasai, Virar, Bolapur, Palghar, Bhayander, Nallasopara
South Mumbai	Malabar Hill, Naupada, Sea Road, Walkeshwar, Alibaug, Colaba
Thane	Naupeda, Ghodbunder Road, Pokhran Road, Majiwada, Khopat, Panchpakhadi
Western Suburbs	Bandra, Andheri, Goregaon, Borivali, Dahisar

Figure 4 Navi Mumbai in MMR Map

Arihant's focus areas within these municipal corporations is in Navi Mumbai and the Peripheral central suburbs which incidentally are seeing the maximum traction in terms of real estate development.

Certain key developments are driving the movement to the central peripheral suburbs and we believe that given Mumbai is strapped for any new land parcels, future development in this region is going to be in the areas Arihant has been operating in for the last decade or so.

The key infrastructure projects that are in the development stage include:

Navi Mumbai International Airport: The existing airport has a capacity of 40 mn passengers, which is almost saturated. The new airport will handle 10 mn passengers in its first phase and will go up to 60 mn passengers by 2030. Expected completion of Phase I in 2019.

Mumbai Transharbor Link: This proposed six-lane sea bridge would connect Sewri in Mumbai to Nhava Sheva in Navi Mumbai. The bridge would be crucial to the increased traffic requirements on account of the upcoming Navi Mumbai International Airport.

Navi Mumbai Metro Line I: With the upcoming Navi Mumbai International Airport and its integration with the Mumbai Metro in subsequent phases, this metro route will serve as a crucial urban mode of transport in Mumbai's satellite city. This is expected to be completed in 2017.

Seawoods – Uran Train Network: Currently, this route is connected only through Uran Road. An MRTS connectivity will benefit Ulwe and other markets to the south immensely. Phase I, till Kharkopar, is expected to be completed in 2017. Phase II, till Uran, is expected to be completed in 2018.

JODHPUR

Jodhpur, the second biggest city in the state of Rajasthan, is among the famous tourist destinations in the state as well as India. The city is also known as "Sun City" and it encompasses an area of 22,850 sq.km with a population of 2.1 mn. The city is well connected to the rest of Rajasthan by airways, road and rail links.

The city is witnessing a rising population with trends moving towards urban living with aspirational lifestyle and amenities. The changing demographics have brought respectable interest both from the property developers and local residents therefore paving way for a potential market.

Drivers for Growth in Future are:

- IT and ITeS companies looking at Tier II cities are making Jodhpur as a hub
- HPCL refinery near Jodhpur with investment of Rs 37,230 Crores will generate employment for over 1 lakh people
- Study conducted by NCAER, Barmer refinery will generate Revenues of nearly Rs 4 lakh crore in 15 Years
- On DMIC lines, development of New Civil Airport and Integrated Multi-Modal Logistics Hub in Jodhpur
- Mass Rapid Transit System (MRTS) in Jodhpur and Pali
- One of Mega Leather Cluster at an investment of Rs 125 cr will be in Jodhpur

COMPANY REVIEW

Arihant Superstructures is one of the leading developers in the MMR and Jodhpur region. The Company over the last two decades has been executing world class quality construction at truly affordable prices with focus on quality, and time of delivery. The group has a history of having delivered more than 5000 homes with about 4 mn square feet of space constructed which came from roughly 40 projects. Currently we have about 13,000 homes under construction with an area of 12 mn square feet under development and there are 16 projects under construction. Today, Arihant stands tall with a strong client base, efficient delivery team and good stakeholder's relationships.

We have a dominant presence in high growth regions like Mumbai MMR (Badlapur, Shil Road, Taloja – Navi Mumbai, Panvel, Karjat and Khopoli) and Jodhpur. We have fully paid up land bank for projects to be executed in the next seven Years and the most important highlight of our business model is that the project land cost as percentage to realization is less than 10% for most projects executed till date.

From a Financial performance viewpoint, our top line went up by 12.54% to INR 1235.28 mn. This topline also resulted in an EBITDA margin of 28.36%, up over 22.21% registered in the previous Year. The Absolute EBITDA was at INR 350.30 mn as compared to INR 265.73 mn in the previous Year, an increase of 31.82%. Given a couple of projects are in the final stages, we also registered an uptick of 75.29% in the net profits to INR 177.60 mn as compared to INR 101.32 mn in the previous Year.

Project wise performance is detailed below:

OPERATIONAL HIGHLIGHTS

OPERATIONAL PERFORMANCE

2015 for the industry ended with the lowest number of new launches and sales volumes across the major cities of India since 2010. However, towards the end of fiscal, residential real estate started showing signs of stabilization with improvement in volumes and also suggested further uptick in residential volumes.

Despite tough business conditions, we booked an area of 1.01 mn square feet during the Year. This area booked is spread across our 16 projects that are under construction in different regions. This translates to 1157 units that were sold during the Year. The Company's average realization was at INR 3,582 per square feet.

The Company also signed up Ranvir Singh, The Bollywood actor as its brand ambassador. The Company believes there is a striking resemblance between Arihant and Ranveer Singh. Ranveer comes from a simple and humble family having a non-film background. Similarly, Arihant has risen to success in a very short period due to focus on customer requirements on housing.

AWARDS AND RECOGNITION

The Company was once again voted amongst top 50 hot brands of Mumbai powered by Paul Writer and HT Media. This is a testimony to fact that we care for our customers and they bank upon Brand Arihant. Our best practices also got appreciated by Economic Times. The Company, during the Year was awarded as the best corporate brand across India in the real estate sector. Our Chairman, Mr. Ashok Chhajer was awarded the 'Real Estate Leader of the Year' 2015-16 in the ACEF PROPERTY AWARDS organized by Asian Customer Engagement Forum (ACEF).

NEW LAUNCHES

During the Year we launched a couple of new projects, the details of the same are given below:

Arihant Clan Aalishan

The project is in Kharghar Annexe named as Aalishan through its subsidiary. It is commissioned with JV partner Supreme Construction & Developers Pvt. Ltd. Aalishan has been inspired by Persian architecture and will have 3 towers of 50 floors each and one tower of 30 floors. The towers titled Baraz, Kaveh and Zeenat will have various options available including studio, 1 BHK, 2 BHK, 3 BHK and 4 BHK residences. The project's location is another unique selling proposition as it is located close Central Park, Kharghar Valley Golf Course, upcoming Metro station, Navi Mumbai Corporate Park (BKC 2) and also ISKCON temple in the vicinity.

Arihant Aangan , Arihant Ashray and Arihant Aanchal

All the three projects are in the affordable housing category. The Company believes that it has carved a niche for itself in the real estate market in Jodhpur and response to its projects are a strong testimonial to the fact that there is no substitute for quality construction, brand and the reputation of the builder. OPERATING PERFORMANCE

The Company achieved a Revenue of ₹ 1235.28 mn as compared to ₹ 1097.62 mn during the previous Year, reflecting an increase of 12.54%. This was accompanied by a growth in EBITDA margins which closed at 28.36% as against 24.21% in the previous fiscal. Net profit stood at ₹ 176.60 mn and this translated to an EPS of ₹ 4.31 as against 2.46 in FY 15. Overall the Financial performance has been satisfactory considering the issues at the macro level.

EMPLOYEE SALARY

The Employee benefit expenses increased from INR 64.66 mn in FY15 to INR 79.40mn in FY16. The increase factors the increased head count from 83 in FY15 to 96 in FY16 and average annual increment of 22.80% at the group level. There was a subsequent increase in the staff welfare expenses.

FINANCE COST

The finance cost has decreased from INR 64.27 mn in FY15 to INR 36.44 mn in FY16. This reduction factors the method of Revenue recognition where the interest has to be capitalized in the land account till the project starts.

OUTLOOK

We are focused on increasing recognition among our customers and we would continue delivering homes at reasonable price and quality specifications in the promised time schedule. We are positive about developments that are happening at the industry level and we strong endorse the principles of Real Estate Regulatory Bill, 2016 which seeks to regulate the sector and bring in clarity for both buyers and developers. This is a step forward towards transparency and disclosure on all issues related to a project. We continue to stay enthusiastic about our customer friendly practices like no transfer charges, no lock in period of a property and no escalation to agreed prices. With the industry moving forward in the right direction, coupled with our execution strategies, we foresee a sustainable future for the Company.

INDEPENDENT AUDITOR'S REPORT

**To the Members of
Arihant Superstructures Limited**

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of M/s **Arihant Superstructures Limited** ('the Company'), which comprise the balance sheet as at 31 March 2016, the statement of profit and loss and the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2016 and its profit and its cash flows for the year ended on that date.

ANNEXURE - B TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s Arihant Superstructures Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the

risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

1 Corporate information

Arihant Superstructures Ltd. is registered under companies act, 1956 as public limited company. The company's registered office is located at 302, Persipolis Building Plot No. 74, Sector 17, Vashi, Navi Mumbai - 400703 and its registered office is situated in the state of Maharashtra, i.e. within the jurisdiction of the Registrar of Companies, Maharashtra, at Mumbai. The operation of the company span in all aspect of real estate development, from the identification and acquisition of land, planning, execution, construction and marketing of projects in Maharashtra and Rajasthan.

2 Significant accounting policies:

2.1 Basis of accounting and preparation of financial statements

The financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprise mandatory accounting standards as prescribed under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.3 Cash flow statement

Cash flows are reported using the indirect method as per AS-3, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.4 Inventories

- (i) 'The construction materials and consumables purchased are treated as consumption and added into work-in-progress.'
- (ii) 'The Incomplete Project / construction work-in-progress is valued at lower of cost or net realisable value.
 - (a) **For projects where revenue is recognised :** "Cost includes cost of land, development rights, rates and taxes, construction cost, borrowing cost, other direct expenditure, allocated overheads and other incidental expenses as per the Guidance Note on Accounting for real estate transactions (Revised 2012) issued by The Institute of Chartered Accountants of India".
 - (b) **For projects where revenue is not recognised :** "Cost includes direct expenses, construction cost, rates and taxes, borrowing cost, other direct expenditure, allocated overheads and other incidental expenses except land & development rights which is treated as other assets".
- (iii) Finished stock of completed projects and stock in trade of units is valued at lower of cost or market value.
- (iv) Land and plots other than area transferred to construction work-in-progress of constructed properties at the commencement of construction are valued at lower of cost/approximate average cost as revalued on conversion to stock and net realisable value. Cost includes land (including development rights and land under agreements to purchase) acquisition cost, borrowing cost.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

2.5 Depreciation and amortisation

Depreciation is provided on straight line basis method over the useful life of asset as prescribed under Part C of Schedule II of the Companies Act, 2013. Depreciation for assets purchased / sold during a period is proportionately charged.

Intangible assets are amortized over their respective individual estimated useful lives on a straight line basis, commencing from the date the asset is available to the company for its use.

2.6 Investments

Long-term investments are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

2.7 Revenue recognition

- (i) Revenue from constructed properties for all projects commenced on or before March 31, 2012 and where revenue recognition commenced on or before the above date, is recognised in accordance with the provisions of Accounting Standard (AS) 9 on Revenue Recognition, read with Guidance Note on "Recognition of Revenue by Real Estate Developers". Revenue is computed based on the "percentage of completion method" and on the percentage of actual project costs incurred thereon to total estimated project cost, subject to such actual cost incurred being 30 per cent or more of the total estimated project cost.
- (ii) Revenue from constructed properties for all projects commenced on or after April 1, 2012 or project where the revenue is recognised for the first time on or after the above date, is recognised in accordance with the Revised Guidance Note issued by Institute of Chartered Accountants of India ("ICAI") on "Accounting for Real Estate Transactions (Revised 2012)". As per this Guidance Note, the revenue have been recognised on percentage of completion method and on the percentage of actual project costs incurred thereon to total estimated project cost, provided all of the following conditions are met at the reporting date:
 - required critical approvals for commencement of the project have been obtained;
 - atleast 25% of estimated construction and development costs (excluding land cost) has been incurred;
 - atleast 25% of the saleable project area is secured by the Agreements to sell/ application forms (containing salient terms of the agreement to sell); and
 - atleast 10% of the total revenue as per agreement to sell are realized in respect of these agreements.

The estimates relating to saleable area, sale value, estimated costs etc., are revised and updated periodically by the management and necessary adjustments are made in the accounts in the year in which the estimates are revised.

Indirect costs are treated as "Period Costs" and are charged to the Statement of Profit & Loss in the year in which they are incurred.

Surrender of flats by buyers are valued at cost and accounted for as surrender of rights under 'Indirect Expenses', proceeds are treated as 'Sales'.

2.8 Other income

- (i) Interest Income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head other income in the statement of profit and loss.
- (ii) Share of Profit/Loss from Partnership Firm / Limited Liability Partnership Firm / Association of Person is accounted in respect of the financial year of the firm / LLP / AOP, ending on or before the Balance Sheet date, on the basis of their Audited / Unaudited Accounts, as the case may be.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

2.9 Tangible fixed assets

Fixed Assets are stated at cost less accumulated depreciation. Cost comprises the purchase price and any cost attributable to bringing the asset to its working condition for its intended use.

2.10 Intangible fixed assets

Intangible Assets are recognised on the basis of recognition criteria as set out in Accounting Standards – (AS-26) "Intangible Assets". Bought out softwares are recognised at cost of purchase.

2.11 Borrowing costs

Borrowing costs as per AS-16 include interest, amortisation of ancillary costs incurred. Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing cost are charged to the statement of profit and loss in the period in which they are incurred.

2.12 Taxes on income

Tax Expenses comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. Deferred income tax reflect the current period timing differences between taxable income and accounting income for the period and reversal of timing differences of earlier years/ period. Deferred tax assets are recognised only to the extent that there is a reasonable certainty that sufficient future income will be available except that deferred tax assets, in case there are unabsorbed depreciation or losses, are recognised only if there is virtual certainty that sufficient future taxable income will be available to realise the same.

Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantially enacted by the Balance Sheet date.

2.13 Earning Per Share

Basic earnings per share as per AS-20 are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.14 Provisions , Contingent Liabilities and Contingent Assets

Provision is recognised in the accounts when there is a present obligation as a result of past events and it is probable that an outflow of resource will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

- Contingent liabilities are disclosed unless the possibility of outflow of resources is remote.
- Contingent assets are neither recognised nor disclosed in the financial statements.

2.15 Advances To Subsidiaries, Associates And Others For Purchase of Land

Advances given to subsidiary and land holding companies for acquiring land are initially classified as 'Advances for purchase of land' under Loans & Advances. On obtaining the license for a land, the full cost of the land is transferred to cost of land, an item of cost of construction, from 'Advance against land'.

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

**To The Members of
Arihant Superstructure Limited**

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Arihant Superstructure Limited** ('the Company') and its subsidiary companies (the Company and its subsidiary companies together referred as 'the Group'), which comprise the Consolidated Balance Sheet as at March 31, 2016, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information ('the consolidated financial statements').

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act as applicable. The respective Board of Directors of the Company and its subsidiary companies are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of these consolidated financial statements by the Board of Directors of the Company.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal financial controls relevant to the Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors referred to in the 'Other Matter' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2016 and its consolidated profit and its consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by Section 143 (3) of the Act, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, as applicable.
- e) On the basis of the written representations received from the Directors of the Company as on March 31, 2016, taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the Directors of the Group companies, incorporated in India is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Company and its subsidiary companies.
- g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Group has same pending litigations as disclosed in the standalone Financial statements of Arihant Superstructure Ltd. as of March 31, 2016.
 - ii) The Group has made provisions in its consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses on long term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Arihant Superstructure Limited** ('the Company') and its subsidiary companies incorporated in India as at March 31, 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the respective internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls

Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Consolidated Financial Statements 149

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Company and its subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 5 subsidiary companies, incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1 CORPORATE INFORMATION

Arihant Superstructures Limited (the company) is a public company domiciled in India and incorporated under the provisions of the companies act, 1956. The company is engaged primarily in the business of Real Estate Development, Trading in Real Estate and Construction Contracts. The operation of the company span in all aspect of real estate development, from the identification and acquisition of land, planning, execution, construction and marketing of projects.

2 BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

These consolidated financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprise mandatory accounting standards as prescribed under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements are prepared in accordance with the principles and procedures required for the preparation and presentation of consolidated financial statements as laid down under the Accounting Standard (AS) 21, 'Consolidated Financial Statements'. The consolidated financial statements comprise the financial statements of the Company, its controlled trusts and its subsidiaries, combined on a line by line basis by adding together book values of like items of assets, liabilities, income and expenses after eliminating intra-group balances and transactions and resulting unrealized gain/loss. The consolidated financial statements are prepared by applying uniform accounting policies used at the Group. Minority interests have been excluded. Minority interest represent that part of the net profit or loss and net assets of the subsidiaries that are not, directly or indirectly, owned or controlled by the company.

Associate is the entity over which the Group has significant influence but not control. Investment in the associate is accounted for using the equity method of accounting as laid down under Accounting Standard (AS) 23, 'Accounting for Investment in Associate in Consolidated Financial Statement'. The investment is initially recognised at cost, and the carrying amount is increased or decreased to recognize the investor's share of profit or loss of the investee after the acquisition date. The Group's investment in associate includes goodwill identified on acquisition.

2.1 Summary of significant accounting policies

a. Principles of Consolidation

The Consolidated Financial Statements include the Financial Statements of M/s Arihant Superstructures Limited, the parent company (hereinafter referred to as the 'Company') and its subsidiaries (Collectively referred to as the 'Group').

The Consolidated Financial Statements have been prepared on the following basis:

- i) Consolidated Financial Statement normally includes Consolidated Balance Sheet, Consolidated Statement of Profit & Loss, Consolidated Statement of Cash Flows and Notes to the Consolidated Financial Statement and Explanatory Statements that form an integral part thereof. The Consolidated Financial Statements are presented, to the extent possible, in the same format as that adopted by the parent for Standalone Financial Statements.
- ii) The Consolidated Financial Statements include the Financial Statements of the Company and all its subsidiaries, which are more than 50 percent owned or controlled as at March 31, 2016.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

- iii) The Financial Statements of the parent company and its subsidiaries have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, incomes and expenses after eliminating intra-group balances / transactions and resulting unrealised profits in full. The amounts shown in respect of reserves comprise the amount of relevant reserves as per the balance sheet of the parent company and its share in the post acquisition increase in the relevant reserves of the subsidiaries.

The excess of acquired portion of equity in shareholders over the cost of acquisition of investments in the subsidiaries is recognised in the Financial statements as 'Capital Reserve'. Minority Interest in the net assets of Consolidated subsidiaries consists of:

- (a) the amount of equity attributable to minorities at the date on which investment in subsidiary is made; and
- (b) the minorities' share of movements in equity since the date the parent and subsidiary relationship came into existence.

The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances to the extent possible.

b. Investments

Investments other than in subsidiaries and associates have been accounted as per the Accounting Standard (AS) 13 on 'Accounting for Investments' issued by ICAI.

c. Other Significant Accounting Policy

These are set out under Note 2 - Significant Accounting Policy as given in the company's Standalone/ Separate Financial Statements

Arihant Superstructures wins Economic Times Best Corporate Brands - 2016

The Economic Times, along with MRSS, conducted an extensive survey to shortlist the top 150 corporate brands on the parameters of innovation, brand value, brand recall, consumer satisfaction, customer service and quality. The results are collated in a Brand Book which was launched during The Economic Times Best Corporate Brands Summit 2015.

Ranveer Singh The Brand Ambassador

Arihant has roped in Bollywood actor Ranveer Singh as its brand ambassador who won the 'Best Actor award' in the Filmfare Awards 2015 for his movie 'Bajirao Mastani'. The Chairman, Mr. Ashok Chhajer feels "Arihant's philosophy matches with Ranveer's passion of giving his best to his audience and in our case to the customer". There is a striking resemblance between Arihant and Ranveer Singh. Ranveer comes from a simple and humble family having a non-film background.

His rise to stardom in a short span of time is a testimony to his hard work and passion for excellence. Similarly, Arihant is a brand which stands out for passion and perfection, reflected in its logo which denotes qualities of Reliability and Trust that the customers bestow upon it.
